

Laptop VS Tablet

I decided to do some (1) _____ into whether buying a tablet PC is a waste of money or not. To (2) _____ my experiment, I decided to spend a week using only a laptop and a week with only a tablet PC, and see which was better. I had already (3) _____ a theory that tablets were just a way to get more money out of customers and that they weren't really any better than an ordinary laptop. But I've changed my mind. Tablets do have disadvantages, such as a

small (4) _____ that isn't easy to type on. But they have a lot of advantages. Though the (5) _____ isn't very big, the images are so clear it doesn't matter. And the fact that all you have to do is touch it to do what you want and you don't need a(n) (6) _____ to click on anything is great. I didn't think I would (7) _____ my old laptop, but I have. Tablets are the winner!
