

Writing

Use adjectives to make the title interesting.

'The fantastic mountains'

'A wonderful day'

'Frightening creatures on our planet'

1 Read the titles and say if there is an adjective (A) or if there isn't an adjective (NA).

- | | |
|--------------------------------|-----------|
| 1 'The forest' | <u>NA</u> |
| 2 'An exciting day in my life' | — |
| 3 'An amazing creature' | — |
| 4 'A lake' | — |
| 5 'The thunderstorm' | — |
| 6 'A scary night' | — |

2 Underline the adjectives in these sentences.

- This is an amazing place to visit.
- People love having picnics in these beautiful mountains.
- Many big trees are next to the lake.
- This is a wonderful forest to walk in.

3 Read this description of a favourite local place and for each question, choose the correct answer, A, B or C.

A beautiful beach

(1) My town is very near the sea and my favourite local place is a lovely beach called Sandy Beach. Sandy Beach might sound like a strange name for a beach because all beaches have sand. But the sand at this beach is very special. It isn't brown or black sand – it's white, really white! People love taking photos of the beach because the sand looks so beautiful. Nobody knows when the beach got the name Sandy Beach, but it's been called that for years!

(2) Sandy Beach is a very long beach and in the summer the water is very blue. There are lots of very big trees and in the summer when the temperature rises and it's very hot, people sit under these trees. But in the winter when the weather is stormy, the beach can be very windy. Sometimes when it's foggy, you can hear ships in the sea but you can't see anything! It can be very exciting to walk along the beach in the winter when there's a storm, but it's very dangerous to swim in the sea!

(3) Sandy Beach is very popular in the summer because everyone, old people and young people, can have a nice time. There are so many nice things to do at this beach. Families often have picnics under the trees and children can play on the beach or build castles in the sand. And, of course, people have fun swimming and playing in the sea. In the evening, it is common for groups of young people to hang out with their friends on the beach. Sometimes they bring their guitars and play music. I think Sandy Beach is wonderful!

- Paragraph 1 talks about ...
 - the local weather.
 - the name of the beach.
 - local photographers.
- Paragraph 2 describes ...
 - the beach in different seasons.
 - ships in stormy weather.
 - a forest near the beach.
